Education

IIT Jammu — Jammu, JK
Masters of Technology in Data Science — *Aug. 2020 – Oct 2022*

Guru Nanak Dev University — Amritsar, PB
Bachelors of Technology in Computer Science and Engineering — *Aug. 2015 – Jun 2019*

Experience

Teaching Assistant — Aug. 2020 – May 2022
IIT Jammu — *Jammu, JK*

- Assisted in teaching Operating Systems, Machine Learning, Probability Statistics Information Theory, and Discrete Mathematics subject
- Conducted tutorials and cleared student doubts
- Evaluated assignments and supported lab work

Software Developer Trainee — Jan. 2019 – May 2019
Guru Nanak Dev University — *Amritsar, PB*

- Developed a fee refund management system
- Automated workflow and improved processing efficiency
- Managed database operations and ensured data accuracy

Projects

Intelligent Inference of Encrypted Network Traffic via Deep Behavioral Analysis

| *Python, Scikit-learn, Pandas, XGBoost, CNN, SVM, PyTorch* — Sept 2021 – May 2022

- Developed ML models to classify encrypted traffic using flow features
- Removed dependency on payload data for privacy preservation
- Improved classification performance on secure datasets

Deep Learning-Based COVID-19 Detection | *Python, TensorFlow/Keras, OpenCV* — Oct 2021 – Dec 2021

- Built a CNN model using transfer learning on chest X-ray images
- Applied preprocessing and data augmentation for better accuracy
- Achieved 91% accuracy in classification

Multimodal Fraud Detection AI

| *Python, XGBoost, LSTM (TensorFlow/PyTorch), Pandas* — Mar 2021 – May 2021

- Designed a hybrid ML system combining tabular and sequential data using XGBoost and LSTM.
- Performed feature fusion, anomaly detection, and temporal modeling, achieving high precision in fraud detection tasks.

Technical Skills

Languages: Python, C/C++, SQL (MySQL, Postgres), JavaScript, HTML/CSS
Core Areas: Machine Learning, Deep Learning, Data Structures, Algorithms
Developer Tools: Git, Docker, Google Cloud Platform, VS Code, PyCharm, Linux
Libraries: NumPy, Pandas, Matplotlib, Scikit-learn
